## Reflect & Respond

1. Highlight, underline or write down any words, phrases or verses that stand out to you.
2. Summarize in your own words what the Psalm says to you.
3. Is there a promise, instruction or truth you need to cultivate into your life?  
This might be a word you need today or one you want to store up for later.
4. Respond: turn the Psalm into a prayer or simply talk to God about what you're learning about yourself, Him or others.

*Bonus!* Start a conversation in community or with a trusted friend about what you're learning.
